Blankets 4 Babies	5
Spring Conference Registration	6
Gold Star Award	7
Thomas Hyde Scholarship	8
Jeff Akers Scholarship	9

Hello to all of my fellow CBI instructors. I hope the first half of your year has proven to be stress free and rewarding. We are halfway there! Good luck on the rest of the year and I look forward to seeing all of you in May for annual CBI State Conference. Remember that Thomas Hyde Scholarship, Jeff Akers Scholarship, Partnership of the Year, and Gold Star Coordinator forms are due to me soon. Do not forget to register early and please if you haven't joined OACTE yet please do so as soon as you can. There is safety in numbers my friends and the closest thing we have to a voice at any level is our strength in OACTE. Be active and know that the stronger our programs are the better chance that CBI has to continue serving students for a long time.

For those of you participating in one of the most positive aspects of CBI, Knowledge Bowl, I wish you luck at the regional and state level. If you haven't participated in Knowledge Bowl in previous years I encourage you to now. The benefits of it are astounding and the contests are fun and engaging. Our kids do not have a lot of opportunities to compete in these types of events so Knowledge Bowl is a fan-

tastic way to supplement your program.

One of the most important components the state will be implementing is the Ohio Quality Program Standards for Career-Technical Education Programs. Each CBI program in the state will be personally visited by a representative of ODE and will be evaluated this year by the following standards:

Standard 1: Instructional Facilities and Resources:

The facility supports implementation of the career-technical program and provides students with opportunities for the development and application of technical knowledge and skills.

Standard 2: School and Community Relations:

Stakeholders are engaged in developing and supporting the career-technical education program.

Standard 3: Program Planning and Evaluation:

A results-driven needs assessment and evaluation exists for continual program development and improvement

Standard 4: Quality Educators that Contribute to

the Profession: Career-Technical educators continuously develop as professionals and support the growth of the profession they serve.

Standard 5: Curriculum and Program Design: The career-technical education program includes foundational and specialized courses designed to prepare students for lifelong learning within a career pathway.

Standard #6: Instruction: Career-Technical Education programs promote high academic achievement, technical knowledge and skill development of all students.

Standard #7: Assessment: Career-Technical education programs use authentic and performance-based assessments to measure student learning and skill attainment of Ohio's Career Field Technical content standards.

Standard #8: Experiential Learning Experience Programs: All students plan and conduct a year-round

President's Message Continued...

experiential learning program that connects the technical knowledge and skills learned in both classroom and laboratory to the work place.

Standard #9: Leadership Development/CTSO: All students participate in a year-round intra-curricular Career-Technical Student Organization (CTSO) that promotes cognitive and social emotional development

Standard #10: Student Access: Career-technical education programs serve all students interested in preparing for a career in any of Ohio's 16 Career Fields and is reflective of the school's student population.

My advice to all of you would be to educate yourself on these standards and the expectations for all CBI Programs. My hope is this will strengthen our existing programs and improve those that need a clearer

path to success. Please feel free to e-mail me or your regional representatives with any questions you may have.

Have a great second semester and I hope to see you all May 4th and 5th in Dublin, Ohio for the state conference.

Your President,
Cy Kincaid

Students at Camp Lazarus for Make a Difference Day awaiting their volunteer assignment

The Career Based Instruction Program at Delaware Area Career Center (located at Buckeye Valley MS) has been very busy with Service Learning projects this fall. On Saturday, October 26th 8 students from the 7th and 8th

grade programs along with Mrs. Tina Francis and several parent chaperones volunteered their Saturday morning to make sleeping bags for homeless shelters. The project is called Share and using a collaborative

approach, students made sleeping bags for the shelters out of recycled materials. Students showed true empathy and teamwork on this project. Tina Francis used the following web site as a resource for this project - www.shareyourbest.us.

CBI Students Honor Veterans at Assembly

Veterans from the Delaware County Veterans Association Honor Guard

Veterans recognition assembly. Sixty Veterans were in attendance along with the whole student-body, teachers and administrators. CBI students had been plan-

ning this assembly since October. They did mailings, registration, decorations, set-up/clean-up, food-prep, etc. Mrs. Francis, the CBI coordinator at Delaware Area Career Center/Buckeye Valley MS is also a Veteran and served 8 years in the US Army Reserves.

On Wednesday, November 13th Buckeye Valley MS CBI students coordinated a

Mrs. Tina Francis, CBI Coordinator and 2 Veterans from the Delaware Veterans Assoc.

Mrs. Francis with some of her 8th grade students after the assembly. In uniform is Mrs. Francis and Mitchell Schambs, a former student who has joined the US Army Reserves.

Toys for Tots Drive Collects 1,500 Presents

Each year the Oak Harbor 7th and 8th grade CBI classes team up with Oak Harbor High School Agricultural Science students to organize a charity toy drive. Students in the Middle and High Schools create posters and announcements to advertise the event throughout their buildings.

Students bring in new toys during the few weeks after Thanksgiving to be donated to the Ottawa County Holiday Bureau's Toys for Tots.

This year, the drive collected over

1500 toys for charity! Once students have collected toys, the 7th and 8th grade CBI students load up a bus and deliver the toys to a central county location.

The Ottawa County Holiday Bureau sets up other local collection drop offs to coincide with student help.

The toy drive is no simple task! All of the toys donated must be sorted by age and gender then counted and logged into a master list. Once the toys are logged, they must be arranged so parents can easily view them

when choosing items for their children.

Just when it seemed like students were making headway in the piles and could start counting, another delivery-or three would arrive! The Toys for Tots drive is a student favorite event.

Every student had a smile on their face while organizing and working, all to produce even more smiles on the faces of the families that will benefit from the generous donations of their local community.

Andrea Sorg and students in her CBI class smile as they work to log in toys collected for children in their community.

Classes competed to win the Penny War!

Students Blanket Community With Kindness

Just before Christmas break, the Midview CBI Program created a company as an assessment for their unit on becoming an entrepreneur.

Their charitable company "Blankets 4 Babies" was born as a result of their efforts. During the two week project,

students created a business plan, raised initial funds, bought material, handmade 8 blankets, chose a charity to support, and ran a successful penny war between the classes of Midview.

At the end of the project, the students were able to donate eight hand-

made blankets, and more than \$1000 dollars to charity!!!!

The charity supported was "Middies Helping Students", a fund used to aid the students of the Midview District that are in need with food, gas, shelter, clothing, and gift cards.

Students in Mathias Hauck's CBI program collected

Students proudly show off the eight blankets they worked so hard to create.

2014 CBI Annual Conference

NOMINATIONS MUST BE RECEIVED BY JANUARY 31st, 2014

**2014 CAREER BASED INTERVENTION-CAREER CONNECTIONS (CBI-CC)
\$1000 Thomas Hyde SCHOLARSHIP APPLICATION**

The Thomas Hyde Memorial Scholarship is in honor of one of Ohio's founding Occupational Work Experience (an early form of CBI-CC) coordinators. Any student (grades 10-12) enrolled in a Career Based Intervention-Career Connections Program is eligible to apply.

The monetary award will be held in escrow until the recipient has successfully completed the first term of course work. Upon the submission of an official invoice from an accredited postsecondary institution to the CBI-CC Board, a one time \$1,000 scholarship will be sent to the recipient. The recipient must successfully complete the first term of post secondary education within two years of earning a high school diploma. Failure to do so will result in forfeiture of the scholarship. Scholarship winners will be recognized at the CBI State Conference on May 4th, 2014. Scholarship winners are encouraged to be in attendance.

All scholarship materials should be sent to:

**Attn: Cy Kincaid
CBI-CC Scholarship Committee
North Union High School
401 North Franklin St.
Richwood, Ohio 43344**

Email or envelopes must be postmarked no later than **February 28, 2014.**

Questions may be e-mailed to ckincaid@nu-district.org

Or call: 740-943-3012. Or fax: 740-943-2046

The signatures below serve as certification that all questions have been completed truthfully and grants permission to your school to release to the Scholarship Committee any official school records of the applicant and for the use of the applicant's name, picture, pertinent information, etc., as a means of publicity for the applicant and/or the Scholarship Fund.
