Who Can Be the Adult Scorekeeper?

- Each team needs to provide one (1) adult scorekeeper that will be assigned to keep score for another participating team
 - This can either be yourself or another adult
 - Scorekeepers cannot keep score for their own team
 - *If you bring more than one team to state, you must bring an adult scorekeeper for each team.
- Adult scorekeeper assignments will be given at the State Competition

What does the adult scorekeeper do during the competition?

- Scorekeepers will monitor student behavior, conversations, and ensure that all rules are being followed
- Scorekeepers should position themselves near the team captain to determine whether a team's answer is correct
- At the end of each quarter, the captain, the student scorekeeper, and the adult scorekeeper need to make sure that the team's score kept by the student scorekeeper on the colored team score sheet matches the score kept by the adult scorekeeper on the flip chart
 - Score discrepancies must be addressed by the team captain to the scorekeeper before the start of the next quarter in order to be considered
- When everyone agrees on the score, the team captain, the student scorekeeper, and the adult scorekeeper need to sign the colored team score sheet
- At the end of each quarter, the team's student scorekeeper turns in their score sheet to a member of the State KB team

FAQS

- What if I have more than 10 students that want to participate?
 - There are two options:
 1. Separate your team into two smaller teams so that each team has less than 10 students
 2. Hold 'tryouts' between your students and have the top 10 performing students earn their spot on the team

FAQS

- What if one of my students or I find an error in one of the questions (grammar, spelling, out of date, wrong answer, alternate answers, etc.)?
 - Please contact the CBI Board Knowledge Bowl contact person ASAP so that any necessary changes can be made to the master database for improved accuracy

FAQS

- How are the Regional Competition dates and locations determined?
 - Coordination for a regional competition should be coordinated between the participating CBI teachers in the region.
 - Not sure who is in your region? Reach out to your CBI Regional Representative for help. Regional information can be found on the CBI website.

FAQS

- What if I am the only team from my region? Do I still have to compete in a Regional Competition?
 - We encourage all teams to participate in a Regional Competition because it is a great experience and ‘practice’ for your team to be better prepared for the State Competition
 - The CBI Board will coordinate with you and the closest Regional Competition host so that you can participate in that region’s competition
 - Your team will receive an automatic invite to the State Competition, so you will not be competing against the other teams at that Regional Competition; you will only be competing for the experience and practice
